

Using condoms
reduces our risk
for HIV!

Do you know your
sexual health
status?

When was the
last time you
got tested?

Let's have open and
honest conversations
about our sexual
boundaries!

PrEP is an
option for HIV
prevention!

A lot of folks
have an STD
and don't even
know it...

There IS
life after an HIV
diagnosis.

I feel a personal
responsibility to break
the stigma surrounding
HIV and other STIs.

The African American Health Program is funded and administered by the Montgomery County Department of Health and Human Services and implemented by McFarland & Associates, Inc. This material may be reproduced.

Meeting Accessibility Policy: Montgomery County will provide sign language interpreters and other auxiliary aids or services upon request--with as much advance notice as possible, preferably within at least three (3) business days before the event. Contact Ms. Arlee Wallace, Program Manager for the African American Health Program at 240-777-1451 or send a request to arlee.wallace@montgomerycountymd.gov. Taking these steps will help us have sufficient time to best meet your needs.
